730-06, 8 FL OZ Spray Bottle

Bug & Tar Remover

- New Safe Formula Removes Road Tar, Bugs, Bird Droppings
- Thick Gel Will Not Run

730-06, 8 FL OZ Bottle

Exterior Care

TR-3 Resin Glaze Polish

TR-3 Resin Glaze is a scientifically developed non-abrasive formula designed to thoroughly and easily clean, polish and protect your car's finish. Each ingredient has been selected to perform a specific function in the treatment process of cleaning and protecting your car. Several ingredients combine to help lift off old waxes, road film and surface contamination, while other ingredients help remove oxidized old paint to leave behind a smooth surface of clean paint. After the contaminants have been removed, the resins begin to form a durable shield that not only protects your car's finish, but leaves a brilliant shine.

WHY TR-3 GOES BEYOND WAX

Waxing your car has long been the accepted method to give your car a shiny look and, presumably, to protect it from the evils of exposure to everyday elements. However, waxes and wax-based products are more soluble and easier to wash off than TR-3 Resin Glaze and so they provide only somewhat limited protection. TR-3 Resin Glaze offers you the protection of specially selected resins formulated to give you a long lasting, weather-resistant shine.

Application of TR-3 Resin Glaze accomplishes three jobs in one for you:

1. Thoroughly cleans the surface.
2. Gives the surface a high luster polish.
3. Protects the surface against further damage from harmful elements.

12A-06, 16 FL OZ Can

Exterior Care
